

# Innovation Award 2026

## Conditions of entry...

Theses that are related to bearing technology can be submitted. We refer to the definition of bearings technology.

### Broad subject areas:

- Rolling, plain and magnetic bearings for mechanical engineering, automotive and aerospace industry, automation, (humanoid) robotics and defense industry
- Rotative as well as linear motion
- Mechanical and mechatronic solutions
- (Digital) solutions in the field of condition monitoring and predictive maintenance
- Solutions for all phases of the product life cycle
- Development of future-oriented business models and targeted marketing

The thesis may have been drawn up by individual natural persons or by teams. In the case of teams consisting of natural persons, the team has to nominate an authorized person to represent the team against Schaeffler FAG Foundation in all actions. If the thesis has been drawn up in the context to a scientific institute, a company or a similar institution, the corresponding consent with the participation in this competition is required.

The thesis may be submitted in German or English. Applications are to be directed to the Schaeffler FAG Foundation by the announced application deadline.

## Documents...

The following documents must be submitted along with an application:

- Fully completed application form
- Curriculum vitae / photography
- Scientific-engineering thesis (complete copy)
- Description of the thesis contents (use the standard form)
- Expert assessment on the thesis
- Teams: Authorization

## Address...

The documents should be sent till **July 31, 2026** by post to:

Schaeffler Technologies AG & Co. KG  
Schaeffler FAG Stiftung, z.Hd. Hanna Flury  
Georg-Schäfer-Straße 30  
D-97421 Schweinfurt

Or preferred by email to: [fluryhnn@schaeffler.com](mailto:fluryhnn@schaeffler.com)

The contents of the submitted theses will be treated confidentially. The applicant agrees that the submitted thesis be passed on to the founder for inspection and for utilization, should the occasion arise.

The foundation and the Schaeffler Group will handle the submitted theses with care. However no liability will be accepted for its loss, damage or unauthorized usage by third parties.

The awarding of prizes will be decided by the foundation committee of the Schaeffler FAG Foundation. The judges' decision is final.

We reserve the right to renounce on the awarding of prizes if no prize-worthy thesis has been handed in. In the case of several equally good theses, a division of prizes is possible.

The conditions of entry are accepted as binding on submitting the application.
