

## “Social Robotics in Elderly Care”

November 27, 2023 | Innovation Park  
4032 Debrecen, Vezér utca 37.

Jointly organized by the institutes of the University of Debrecen

Vehicles and Mechatronics Institute, Faculty of Engineering  
*Cognitive Etho-Engineering System and Robots Research Group*

Institute of Psychology, Faculty of Humanities  
*Digital Interactions Research Group*

### Program

10:00 - 10:05	<b>Prof. Péter Korondi</b> , Vehicles and Mechatronics Institute <i>Opening</i>
10:05 - 10:40	<b>Dr. Husam A. Almusawi</b> , Vehicles and Mechatronics Institute <i>Current Advancement of Autonomous and Assistive Systems Laboratory</i>
10:40 - 11:20	<b>Dr. Csilla Csukonyi, Balázs Órsi</b> , Institute of Psychology <i>Psychological Aspects of Human-Robot Interaction and Robot-Organisation Fit in Healthcare</i>
11:20 - 12:00	<b>Dr. Péter Szücs</b> , Department of Anatomy, Histology and Embryology <i>The Neurobiological Basis of Dementias</i>
12:00 - 12:10	Coffee break
12:10 - 12:50	<b>Prof. Trygve Thomessen</b> , PPM Robotics AS <i>Introducing Service Robots Into Elderly Care; A Very Important, but Challenging, Multidisciplinary Area for R&amp;D!</i>
12:50 - 13:30	<b>Prof. Péter Korondi</b> , Vehicles and Mechatronics Institute <i>Nonverbal Communication Including Emotional Expression</i>
13:30 - 14:15	Lunch break
14:15 - 16:00	Research group discussion
