

Turnitin student registration and thesis submission

Mihály Csüllög
Sept 2026

Important information

- ▶ **Before registering, please read carefully this guide.**
- ▶ **Before registering, please read the related thesis rules of Faculty of Engineering (under topic Thesis):**
 - ▶ <https://eng.unideb.hu/en/useful-information-your-study>

Important information

- ▶ If you already have a turnitin profile, you do not need to register again. It is enough to enroll in the class.
- ▶ The student profile means limited access.
- ▶ If you have already registered for Turnitin in previous semesters, you do not need to register again—just enroll in the Turnitin folder provided by the department!
- ▶ The students can only view their own thesis.
- ▶ The students can not delete the uploaded thesis. Only the plagiarism checker has the right to delete it. After deletion the student can re-upload their thesis (if it is necessary).
- ▶ The submitted thesis will not be included in the Turnitin repository.
- ▶ After submission the student can view the similarity report, but it is not the plagiarism result (only similarity). In all cases, please wait for the response of the plagiarism checker and only then make any corrections to the thesis (if it is necessary). **DON'T PANIC!**
- ▶ Turnitin is very fast, usually the similarity checking process takes 1-2 minutes. In all cases, please download the similarity report after it was completed. As soon as I perform the plagiarism check and notify the student of the result, I delete the uploaded file from the Turnitin.

Important information

- ▶ **Please register for Turnitin only once**, with only one e-mail address. I will answer everybody in time.
- ▶ I only perform the plagiarism checks for students who are on department's list. I will ignore all other theses and delete them.
- ▶ **If you are unable to enroll in the specified folder:**
 - ▶ The Enrollment Key expires every 14 days, and the system requires you to generate a new one.
 - ▶ The Enrollment Key was entered incorrectly during registration. If you copied it, there may be a space at the end, which prevents the system from recognizing the key.
 - ▶ Try using a different browser.
- ▶ **Please upload your paper in WORLD format!**
- ▶ The theses are only checked during working hours. That means **NOT** on holidays and weekends. **Working hours Monday - Friday : 8:00-16:00.**
