

MATLAB software available

Dear Students,

MATLAB is now available for students at the University of Debrecen.

How to download MATLAB?

Please sign in to your MathWorks Account at <https://www.mathworks.com/academia/tah-portal/university-of-debrecen-31488907.html>

To create a MathWorks account, you will need a university email address (for e.g. ...@mailbox.unideb.hu).

This email address is available for all students, all you need to do is to tick "Enable Office 365 Access" at <https://eduid.unideb.hu/> under your eduID profile ("Show/edit own eduid profile").

How to log in to @mailbox.unideb.hu?

Please use this link and log in with your eduID:

<https://mailbox.unideb.hu>

Installation, descriptions, online courses will be available after having logged in to the MathWorks page.

Best regards

Faculty of Engineering, University of Debrecen
